# FRANK HENRY SCARTON

## In Memoriam

\*\*\*\*\*

Woodhaven High School  
Class of 1983

Frank Scarton graduated from Woodhaven High School in June, 1983. Throughout his life, Frank was a person everyone wanted on their team. Not only was Frank an exceptional athlete, he was a natural born leader, holding himself out at a high level of toughness not seen in most.

Those who knew Frank have commented on his quiet but effective lead-by-example nature.

No one was tougher than Frank on the football field. He led the Warriors to the state playoffs in 1983 before the rules changed that allowed every team in with six wins. The entire community came together that year to watch Frank and the Warriors play in Woodhaven High School's inaugural playoff game.

After high school, Frank joined the Air Force. In August, 1985, Frank became the victim of a terrorist attack while serving at the Rhein-Main Air Force Base in West Germany. Frank's death rocked the home community and many of his classmates stationed around the world read the news on the front page of newspapers across the globe. Frank's life was cut short at the young age of 20.

Frank Scarton was a true warrior – fitting for someone who is a Woodhaven graduate. In September, 2009, Woodhaven High School re-dedicated its new football field in Frank's memory.

A former Woodhaven High School administrator coined the phrase "once a Warrior, always a Warrior." That was Frank. He embodied what a Warrior stands for – character, service, work, ethics and toughness.
